- **Android and iOS Compatible.**
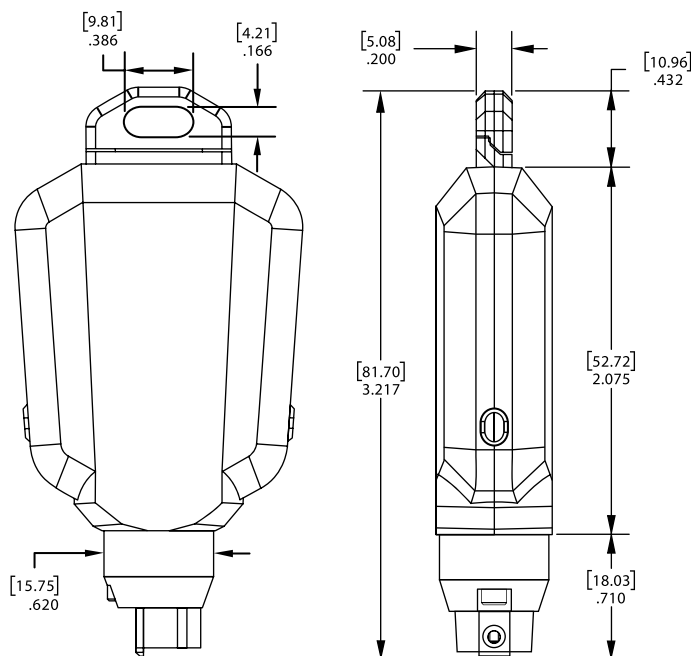

CyberKey Blue 2, Rechargeable Battery

Part number: CK-BLUE 2

The CyberKey Blue 2 is an electronic key used to operate CyberLock cylinders. It has memory that contains encrypted access codes, a list of locks it may access, schedules of authorised dates and times it may access locks, and a begin-end date range during which the key will operate. The battery from a CyberKey energises the electronics within a CyberLock cylinder.

Specifications
